

# PRESS RELEASE

**IEEE PCIC 2017** Coming SOON: September 18-20, 2017

---

## Calgary to host IEEE PCIC 2017

*IEEE PCIC CALGARY invites you to 64<sup>th</sup> annual PCIC Conference*

The largest industry conference for the **Institute of Electrical and Electronic Engineers, Petroleum and Chemical Industry Committee** (IEEE-PCIC) has been awarded to the IEEE Chapters of Alberta. The IEEE PCIC Technical Conference will take place from September 18th to the 20th, 2017 at the TELUS Convention Centre in **Calgary, Canada**. PCIC provides an opportunity for professionals to participate in the advancement of electrical applications, safety, and technology related to the petroleum and chemical industry and beyond. This forum for the exchange is highly regarded for providing top quality papers on a variety of subjects relevant to the all-important electrical industry.

The IEEE Alberta chapter is honored to host this exciting conference in the beautiful city of Calgary and we hope to see you there. Please note there is a hotel exemption for local Calgary attendees.

For more information, visit the IEEE/IAS-PCIC 2017 conference website.
