

# 52<sup>nd</sup> Annual IEEE International Carnahan Conference on Security Technology

Montréal, Québec, Canada • October 22 - 25, 2018

## PURPOSE

This international conference is a forum for all aspects of physical, cyber and electronic security research, development, systems engineering, testing, evaluation, operations and sustainment. The ICCST facilitates the exchange of ideas and sharing of information on both new and existing technology and systems. Conference participants are encouraged to consider the impact of their work on society. The ICCST provides a foundation for support to authorities and agencies responsible for security, safety and law enforcement in the use of available and future technology.
